Plan for improvement of the quality of blended or distance learning systems in the universities of the Asia-Pacific region 2021

Phase 1: Awareness raising & training

1. Objectives
The overall objective of this program is to assist AUF’s member institutions in the Asia-Pacific region to strengthen the quality of their blended and distance learning systems, in order to better respond to the challenges of innovation and strategic development in higher education.

The specific objectives are:
- To deepen the awareness-raising topics of the '20 E-learning Quality Program;
- To consolidate the themes of intensive training in e-learning practices, in line with the level of experience of the target audience in each country;
- To prepare the necessary conditions to help the member institutions of the AUF in the Asia-Pacific region to develop or consolidate their projects of implementation of the blended or distance learning.

2. Detailed planning

2.1. Awareness raising webinars

2.1.1. For institutional leaders and managers

Webinar D1 “Challenges of the production of digital resources for blended or distance learning”
Speaker: Pr. Pascal Marquet, Deputy Director of INSPÉ, University of Strasbourg, France
Language: French with simultaneous translation into English and into Vietnamese
Date: Thursday, June 17th, 2021, 15:00-16:00 UTC+7 (i.e., 10:00-11:00 UTC+2)

Targeted participants:
- Leaders, presidents, vice-presidents, director, vice-directors of higher education institutions;
- Middle managers of the services concerned (academic affairs, administration, finance, technology, etc.);
- Leaders or representatives of relevant private/state organizations and structures;
- Interested teachers and/or researchers (subject to availability).

Reflection questions:
- What is the role of the production of digital resources in blended and distance learning?
- Why is there a need for an institutional policy to support the production of digital resources by teachers?
- What changes are needed at the level of policy makers, teachers and relevant support services to develop the production of digital resources?
